EMPEROR NICHOLAS THANKS ROOSEVELT

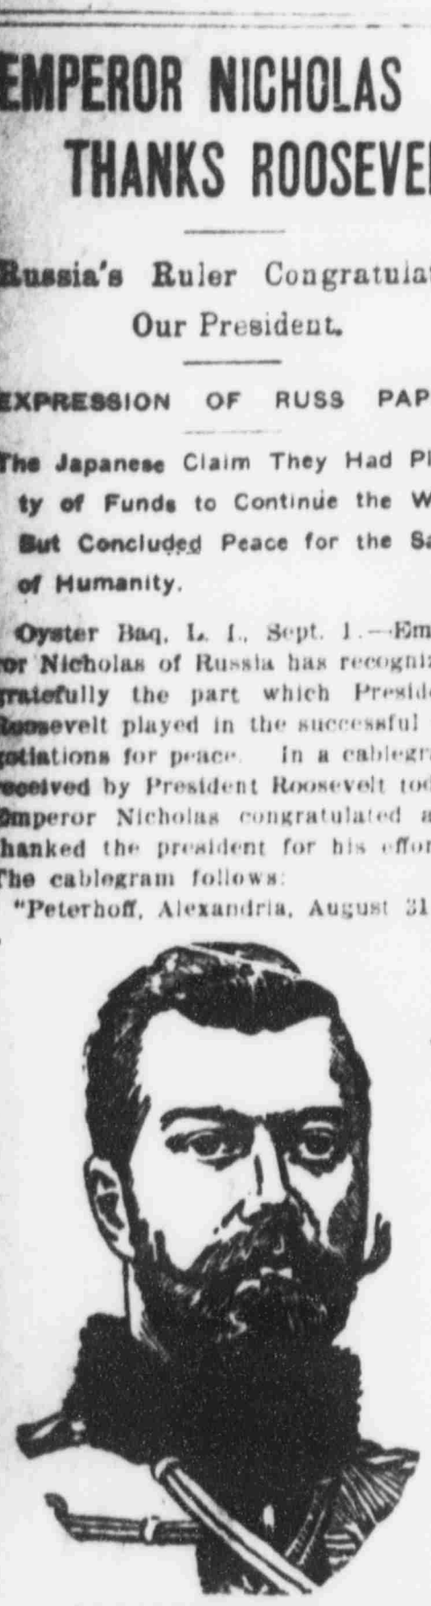
Russia's Ruler Congratulates Our President.

EXPRESSION OF RUSS PAPER

The Japanese Claim They Had Plenty of Funds to Continue the War, But Concluded Peace for the Sake of Humanity.

Oyster Baq, L. I., Sept. 1.—Emperor Nicholas of Russia has recognized gratefully the part which President Roosevelt played in the successful negotiations for peace. In a cablegram received by President Roosevelt today Emperor Nicholas congratulated and thanked the president for his efforts. The cablegram follows:

"Peterhoff, Alexandria, August 31.—



EMPEROR NICHOLAS.

President Roosevelt: Accept my congratulations and earnest thanks for having brought the peace negotiations to a successful conclusion owing to your personal energetic efforts. My country will gratefully recognize the great part you have played in the Portsmouth peace conference. Nicholas."

Sentiment of Russian Press.

St. Petersburg, Sept. 1.—The general tone of the press this morning is one of resignation. The Novoe Vremya is the noteworthy exception. The editor, M. Soucerin, refuses to believe in the solidarity of peace and contends that it is simply a stage towards a new struggle between Russia and apan. The Novoe Vremya's article displays further irritation towards President Roosevelt.

Towards President Roosevelt for his mediation which the paper considers was regrettable inopportune and even disastrous for Russia."

The Syn ontechiestva says:

"After a shameful war Russia could certainly lay no claim to an honorable peace. She should congratulate herself on the cessation of the war, the continuation would have cost immeasurable greater sacrifices."

Other radical papers while criticising the peace trems, express pleasure at the conclusion of the war which they hope will be followed by a concerted effort at internal development

Many Japs Still in Dark.

Tokio, August 31.—11 a. m.—The public continues to be without information regarding the program of peace envoys at Portsmouth. The terms of peace are not known here especially the conditions concerning the island of Sakhalin and the amount of reimbursement.

Many people, however, are convinced that the Japanese government has made substantial concessions and already are criticising and objecting to it. Unless the terms prove to be better than were anticipated, it is certain that the compact will prove unpopular, and be bitterly assailed by the press and by the diet which is expected to meet in special session shortly. The radical elements are asserting that cabinet changes are inevitable. The mass of the public is not moved. There unquestionably is a feeling of relief that hostilities have ceased, and that the men of the great army will return home, be disbanded and re-enter the walks of peace.

This feeling, however, is without processions, no diplomacy of flags or other evidences of rejoicing. The capital city continues quiet and reports from throughout the empire indicate a similar condition.

Japan Has Plenty of Funds.

London, Sept. 1.—Koretyo Takahashi, the financial commissioner of Japan, in an interview today, said:

The Japanese government in prosecuting the war never had in mind the question of having to depend upon an indemnity. The government had prepared itself for any emergency and at the present moment there is no less than $175,000,000 untouched in London, Germany and the United States. This being the case, I see no necessity for the issue of a new loan. Had peace not been concluded, my government would have raised an internal loan of $100,000,000 for the further prosecution of the war. This was the plan of the government.

I have not heard that my government has any intention of raising a loan.

Questioned regarding the conditions of peace, Mr. Takahashi continued:

All far-seeing Japanese will hail with satisfaction the conclusion of peace, although there must be a feeling of general regret that Russia did not display a more reasonable attitude in recognizing that Japan's terms were not only reasonable but very moderate. In the circumstances, all Japanese who take a broad-minded view of the situation must recognize that the decision of their emperor was the wisest possible. Had the government insisted on an indemnity, it is clear that the war would have continued. The objects for which this war was waged already have been more than achieved, and to continue the was for a pecuniary consideration, would not have been worthy of the Japanese nation. I do not share the view that this is a patched up peace or that fresh conflicts are likely to ensue. Such a contingency has amply been provided for by the new Anglo-Japanese alliance.

Mr. Takahashi looks for one of the earliest developments in the east in the education of China by western methods which has already commenced.

Printers' Strike in Chicago.

Chicago, Sept. 1.—The strike of the printers against members of the Chicago Typothetae was practically made complete today. Officials of the Typographical union declared the only important members of the employing organization operating with union compositors had promised to remain neutral in tht struggle. Eight of the larger shops are said to have arranged such a truce with the union. Four concerns in addition to those previously affected became involved in the fight over night and their union compositors aggregating one hundred, failed to report for duty today. President Wright, of the Typographical union said today that the only strikes now in prospect are those which may be made by unaffected houses doing the work for the strike affected houses.

Many Companies Incorporate.

New York, Sept. 1.—Incorporation papers filed this month in the authorized capital of $1,000,000 or more, as well as increases of a like amount by other concerns previously in existence, foot up $86,125,000. These figures compare with $61,315,000 in July and $32,960,000 in August a year ago. With the single exception of July, however, the current months showing is the least important for any similar period this year, the large total being due mostly to increased capitalization by old companies.

Much Lomber is Destroyed.

Newport, Wash., Sept. 1.—Fire which started in the planing mills of the White Pine Lumber mills at Priest River, Idaho, has destroyed the entire plant with 8,000,000 feet of lumber, 11 box cars on the Great Northern tracks, together with about 25 residences comprising the northern portion or half of the town. The loss will approximate $275,000, with $60,000 insurance.

FEARS OF SERIOUS EPIDEMIC DISPELLED

New Orleans Believes Crisis Has Been Passed.

USUAL NUMBER OF NEW CASES

The Death Rate Continues To Be Small—Officials Experience Difficulty by Reason of Failure to Report New Cases to Them.

New Orleans, La., Sept. 1.—There was little change in the yellow fever situation today, the early report showing the usual number of new cases and four deaths. One of the deaths represented another instance of Italian concealment. The coroner was called to view the body of an Italian who had died without medical attention, his observation being necessary before a burial certificate can be issued under the law. The coroner found that the man was a victim of yellow fever. The majority of the cases reported today were down town. The upper section of the city continues to escape general infection.

Showers continued today.

Growth of Confidence.

The steady growth of confidence that though much work is still to be done, the crisis has been passed is shown in the tone of the stock market and the recovery from the slump of six weeks ago. It was a small sized panic on the exchange which first attracted attention to the health conditions here. Prior to the time here had been a somewhat remarkable advance in stocks, but rumors of the existence of fever caused a raid and many gilt-edged stocks lumped badly. With indications that all danger of a serious epidemic is over a buoyant feeling has replaced the depression and many of the securities have reached their former figures. New Orleans railways common, which went to 26, sold yesterday at 36½, within 2 points of its highest price. Whitney Central bank, which went to 395, has recovered to 367½. People's bank, which tumbled to 125, is selling at 145. All the other stocks show similar advances. A share of the new stock exchange sold today for $6,500 the highest price recorded.

Financiers believe that with the final eradication of the fever there will be a great boom here in every line of industry. With only four deaths in the preceding 24 hours, Septemebr, the worst month in fever epidemics, is approaching without apprehension.

Occasional instances still occur, of neglect to report cases, two deaths of that character being reported in the past three days, but generally the physicians are living up to their agreement with the federal authorities. Yesterday the screened ambulance was summoned for an Italian down with the fever. When it reached the house the patient had mysteriously disappeared.

Dr. White and the doctors made an inspection of the new emergency hospital today. The work of reconstruction and equipment is rapidly nearing completion, and it is expected that the hospital will be ready to receive patients on Monday. It will have accommodations for 100.

There has never been that many in a single day at the old infirmary.

With a growing confidence in the mosquito theory in the country districts, New Orleans freight is coming more freely, but the quarantine against intercours chas not abated.

With new cases reported at both Mississippi City and Gulport, both of those towns are completely locked up.

Mississippi Towns Isolated.

Vicksburg and Natchez have been entirely isolated. The exodus from Natchez has stopped and few have left Vicksburg, but people have made preparations at both cities to get away if there is any promise of a spread of the diease.

St. Francisville, La., has sent a request to New Orleans to send New Orleans drummers there, promising to carry on a mail order business hereafter.

Pelton, Miss., has passed an ordinance providing that every one must be off the streets at 9 p. m., and that no non-resident who enters the town shall be permitted to remain over night. Lafayette, La., is indignant over an attempt to run a screened car through that town.

Dr. White today issued an order which virtually provides for compulsory fumigation. He proposes to see that every house and every room in the city is disinfected. As usual, at this season of the year, hundreds of homes are unoccupied, owoing to the absence of residents. These are to be entered and put through a course of disinfecting treatment at once.

Dr. White has also issued an order to his officers to reinspect infected foci, after the occurrence of the first cases, in order that possible secondary cases might be discovered and properly treated. This reinspection is of such importance that it has been decided to alter and extend it to include the fifteenth to the thirtieth day after the infecting case. The result is expected to be the elimination of a large number of foci.

Situation at Pensacola, Fla.

Mobile, Ala., Sept. 1.—A special to the Item from Pensacola, Fla., says:

There is nothing new in the yellow fever situation here this morning, except perhaps, more rigid lines have been drawn around what is termed the infected district. Dr. Guiteras, the Cuban expert, arrived yesterday afternoon and immediately consulted Dr. Porter, the Florida health officer. Dr. Guiteras will look into suspicious cases today and give an opinion tonight. The opinion is strong that the disease is nothing more than dengue fever, notwithstanding the published statement of the local health officer. Indignation is expressed that a good many people have been given permits to pass through the police cordon at will, while others are refused. Orders were issued today that delivery wagons with ice, milk, bread, etc., be allowed to go into the district once daily.

No New Cases at Natchez.

Natchez, Miss., Sept. 1.—No new cases of yellow fever were reported this morning. A house to house inspection by 53 volunteers to inquire about sick persons was inagurated this morning, and every little sickness was reported.

Dr. Goldberger, of the marine hospital service, has taken charge of the local situation. He said he would not report suspicious cases.

Chattanooga Raises Quarantine.

Chattanooga, Sept. 1.—The city and county boards of health met in joint session this morning and raised the quarantine against Memphis, which was declared two days ago. The consensus of opinion was that there is no yellow fever in Memphis.

Not a New Case In Mississippi.

Jackson Miss., Sept. 1.—Not a new case of yellow fever is reported anywhere in the state of Mississippi today so far as the state board of health has been advised.

Jews' Letter to Sergius Witte.

New York, Sept. 1.—On what he announced to be the full text of a letter concerning Russia's treatment of the Jews submitted to Sergius Witte, the Russian peace envoy, by a committee of Hebrew bankers and merchants is published today by the Amirican. The communication is signed by Jacob H. Schiff, Jacob Seligman, Adolph Lewisohn and others. It covers thoroughly the arguments and contentions of the committee made before M. Witte by the delegation recently for the amelioration of the conditions under which people of the Hebrew race now live in the land of Emperor Nicholas. Civil and political liberty for the Jews on an equality with all other Russian subjects, is the keynote of the communication.

Drowned Self and Child.

Pueblo, Colo., Sept. 1.—The bodies of Mrs. E. B. Haver, wife of a real estate dealer, and her 5-year-old son, securely tied together, were recovered from the Bessemer ditch here today. The woman evidently had deliberately drowned herself and child. She had been in ill health.

WARSHIP VERMONT LAUNCHED

Will Be a Powerful Vessel—Designed For a Flagship.

Quincy, Mass., Sept. 1.—The battleship Vermont, which was launched here today is one of the largest and most powerful of the ships of war that has been constructed for the United States navy. She is of 16,000 tons burthen, with a length of 450 feet and an extreme breadth of 76 feet 6 inches. She will be required to steam 18 knots an hour for four consecutive hours.

The engines are of the vertical screw, four cylinder, triple expansion type, of a combined horse power of 16,500. There are 12 boilers, placed in six water-tight compartments. There are three funnels, each 100 feet 6 inches above the base line.

The Vermont was designed as a flagship. The arrangements of quarters is accommodation for a flag officer, a chief officer of staff, a ward room officer, ten junior officers, warrant officers and not fewer than 761 men, including 60 marines.

Conductor Shot by Negro.

Montgomery, Ala., Sept. 1.—Conductor Sam Jeter, of the Florida division of the Louisville & Nashville railroad, who was shot by a negro a few days ago at Opp, while in the discharge of his duties, lies in a critical condition at St. Margaret's hospital, having been brought here last Monday morning. The attending physicians held a consultation but decided that he was in no condition to stand an operation. They preferred rather to await developments. The shot entered the groin from the front and passed directly through the body. Since he was shot there has been little or no circulation of the blood below the wound, and it is feared the wound may prove fatal.

Who Owns Central of Georgia.

Atlanta, Sept. 1.—The minority stockholders of the Augusta Southern railroad, Leonard Paimiry, Jr., U. Jackson, George Fargo and others represented by former Congressman William H. Fleming, of this city, have filed a petition with the railroad commission urging it to make the inquiry as to the real ownership and beneficiary of the majority stock of the Central of Georgia Railway company, to the end that they may better enforce their rights as the minority stockholders of the road named.

Attempted to Kiss Young Lady.

Birmingham, Ala., Sept. 1. sational interest has attached today to the trial of Frank Hander, manager of the Hudson company's plant here, who is charged with an alleged assault and battery upon Miss Florence Schwartz, a young white girl employed in the house. The evidence in the case has been adduced in an attempt to show that Alexander tried to kiss the girl by force. Alexander is prominent in business circles here.

TEACHERS MADE A FINE AVERAGE

Not One of the Number for Primary Work Failed to Pass.

GENERAL AVERAGE WAS HIGH

Misses LaFontisee and Sanchez Demonstrated Their Abiilty by Making 99 and 97, Respectively—First Grade Applicants Still Working.

The applicants for certificates for primary work, who have just completed their labors in the State teachers' examination under direction of State Superintendent Holloway, are to be congratulated upon the excellent averages made by each, with a general average of a fraction over 91 per cent. There were nine applicants, all of whom exceeded by several points the minimum of 80 required to pass.

The applicants were as follows: Misses Florence Balis, Marguerite W. Cotton, Jessie Cail, Emma McCollough, Stella Mims, Louise LaFontisee, Fannie Mizelle, Mabel Sanchez and Katherine LaFontisee. The highest average made by any applicant was that of 99, credit given to Miss Katherine LaFontisee, while Miss Mabel Sanchez was a close second with 97, followed by Miss Florence Balis with 95. The lowest average was 86.4. In consideration of the fact that this is the first examination of the kind ever entered by Misses LaFontisee and Sanchez, State Superintendent Holloway passed a high compliment upon their ability. "Every applicant did exceptionally well," remarked Prof. Holloway. "Each and every one of them deserve credit, and I can say frankly that as a whole it was one of the most intellectual classes I have ever had the pleasure of presiding over."

The applicants for first-grade certificates, six in number, have not yet completed their labors, but will finish tonight.

Prof. Holloway is well pleased with the result of the examination for the fact that not one of the applicants failed to pass.

Miss Hattie Whelpley of Brooksville, director of music in the Brooksville High School, took the examination for a special certificate for music. This young lady made the remarkable average of 99, demonstrating that she was very proficient in her profession.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

YOUTH SHOT HIMSELF.

While Handling a Pistol Tom Pinkoson Accidentally Discharged Piece.

While carelessly handling a pistol at the home of his mother, Mrs. Sarah Pinkoson, late on Thursday afternoon, Tom Pinkoson accidentally discharged the piece.

There was considerable excitement for a moment, when it was discovered that the ball had entered the young man's leg, but it was soon ascertained that it was only a flesh wound and of little or no consequence, save the pain which will naturally follow for a day or two.

This was a "close call" for Tom and he says it will teach him to be more careful in the handling of firearms.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

Archer Notes.

Archer, Sept. 1—Dr. DePass left Thursday for Covington, Va., to meet his family and will be absent two weeks. His many friends will be governed accordingly.

A sad death occurred in Archer Wednesday, Mrs. A. J. Miller after a long illness having passed away. Mr. and Mrs. Miller have only resided in Archer a short time, Mrs. Miller being an invalid when she came here.

The infant of Mr. and Mrs Dr. McMillan of Monthrook died Tuesday, and was buried Wednesday. The many friends of the bereaved extend sympathy.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SANTA FE ITEMS.

Summer Term of School Closes With Proper Ceremonies—Other Notes.

Santa Fe, Aug. 31.—The summer term of the public school at this place, which was a success, closed on Friday, the 25th. The closing exercises in the afternoon were indeed enjoyed by all who were present. The majority of the patrons and many friends availed themselves of the opportunity of being present.

Prof. F. J. Holder, who has been a student of Yale College for the last two years, addressed the school on the importance of education. His address was well received. Prof. Holder is one of Santa Fe's boys, who took his first lesson in its school. Speeches were made by J. H. Cason, W. M. Blitch and T. A. Doke, after which Prof. W. E. Bell, the principal of the school, made a feeling speech to the patrons who had so nobly stood by him, and to the students who had so well acquitted themselves during the two months that the school had been taught. Prof. Bell has made for himself many friends here who only regret that he cannot teach here next term. He was ably assisted by Miss Georgia Martin of Hawthorn, who is one of the best lady teachers in the county. The patrons are united in wanting her to teach here next term. They have both returned to their homes with the best wishes of a grateful people.

Mrs. J. J. Godwin and children of Rex are visiting the former's parents here. They expect to extend their visit for two weeks.

T. F. Williams of Wauchula is visiting relatives here this week. He reports that the rain is almost incessant in South Florida.

The outlook for cotton is still exceedingly gloomy. The rainy season, it seems, has come to stay.

R. H. Holstein and family, who have been on a visit to the former's old home in Monetta, S. C., returned Sunday. He is the boss watermelon grower of this section and is now engaged in harvesting his abundant crop of hay. The hay crop is good, but the weather is too wet for hay-making.

C. Cockerl, who has been growing watermelons here, will return to his old home in South Carolina in a few days.

The health of the community is, as usual, good. The doctors complain of unusual dull times this summer.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Board of Trade Folder.

"What? Where? When? How?" is the catchy title of a neat folder advertising Gainesville and the Winter Bible Conference and Chautauqua. The folder, which is twelve pages, is neatly printed and illustrated, and 50,000 copies have been issued by the Gainesville Board of Trade. These will be distributed throughout the North and West, and are destined to attract many new-comers here during the coming winter.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system.

Killed Girl and Himself.

Huntington, W. Va., September 1.—William Barbour shot and killed Ette Denney after a quarrel over a love affair. He then shot an killed himself. Miss Denney had just returned from the funeral of her father.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

THE DAILY SUN

UNIVERSITY NORMAL HAS COME TO CLOSE

A Most Successful Term Was Recorded for the First Year.

THE ATTENDANCE WAS GOOD

At the Close, as Evidence of Appreciation of the Institution and Its Excellent Achievements, Interesting Resolutions Were Passed.

After a most successful season of ten weeks, the University Summer Normal closed Friday, and the faculty and students returned to their respective homes, feeling that their time had been well and profitably spent.

The enrollment reached eighty, which was indeed encouraging, considering that this was the first year of the institution. The enroliment represented twenty counties, and among the student body were principals and their assistants of a number of the leading high schools of the State.

Just prior to the disbandment of the institution, the following resolutions were adopted:

"Whereas, we, the pupils of the University Summer School, feeling that we have derived both great pleasure and great good from our attendance upon the exercises thereof, and desiring to give expression to our appreciation of these benefits, have this day caused to be prepared, and do hereby adopt as our unanimous sentiments, the following resolutions:

"Be it Resolved, 1. That we extend our thanks to the Legislature of the State of Florida, whose interest in the better preparation of teachers, as expressed in the appropriation for the purpose of maintaining summer training schools, is deserving of especial and unstinted commendation.

"2. That we heartily thank the State Board of Education for their determination notwithstanding the confusion into which the educational affairs of the state had been thrown, to have the summer school carried on; and especially do we thank them for the very able and efficient faculty, their interest in public education and their approved wisdom prompting them to select and place in charge of the same.

"3. That our thanks be extended to Hon. W. M. Holloway for the interest he has manifested in the establishment and success of the University Normal. That we express our entire approbation of the principal he has announced with regard to the several grades of certificates, believing that in this reference he will build up a system of education second to none in the country. That we pledge him our full and hearty co-operation in all matters tending to the betterment of our school system.

"4. That to the Principal, Dr. L. W. Bucholtz, and his exceptionally able faculty, W. F. Yocum, A. T. Williams, T. J. Hines, G. M. Lynch, W. L. Floyd, A. W. Jackson, Mrs. J. B. Johnston and Miss Rowena Longmire, we are especially grateful for the unflagging interest they have manifested in our welfare and advancement, and for their unfailing kindness and consideration that has made the school to us as much enjoyable as helpful. To their untiring efforts is due the fact that the first session of the University Summer School, has, though started under such great disadvantages and difficulties, been such a pronounced success.

"5. That we are deeply indebted and profoundly grateful to the Board of Trade and citizens generally of the progressive and enterprising city of Gainesville for our new University City—for their thoughtful kindness and generous providing for us comfortable accommodations at a minimum of cost to us, and that we hereby express to them our sincere thanks and appreciation. We are witnesses to the fact that Gainesville more than deserves the reputation she has won both for her hospitality and educational spirit and generosity.

"6. That we extend to Mrs. Taylor, the matron of the boarding department established through the thoughtfulness and liberality of the Gainesville Board of Trade, our grateful thanks for her kindness to us.

"7. That we thank the Board of Commissioners for permission to use the University scientific apparatus by which the study has been made so much more satisfactory and effective.

"8. That we thank, also, The Gainesville Daily Sun for the kindly interest it has manifested in the success of the school.

COMMITTEE."

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

PROF. BUCHOLTZ HOME.

Principal of University Normal Left for Tampa Friday.

Prof. L. W. Bucholtz principal of the University Normal, left Friday for his home in Tampa, where he will spend a well-earned vacation.

Prof. Bucholtz was well pleased with the result attained by the University Normal. "I have been engaged in the profession of teaching for the past nineteen years," he remarked, "and can say freely that this normal has been the most successful I have ever seen. It demonsarates another fact in my mind, and that is that one large school established in a good location, where teachers and students may secure board and other accommodations, is better than several smaller schools located at various places, in many instances in towns and localities where many inconveniences must be endured."

Prof. Bucholtz took occasion to pay the faculty of the Normal a fine compliment on their efficiency in the various departments.

Products For the Fair.

Already products are being collected for the Alachua county exhibit at the State Fair, which will be held in Tampa from November 15 to 30.

There are on exhibition in the window of the S. J. Thomas Company several jars of preserves and pickles, sent to John W. Tench, collector of exhibits. These productions are from various sections of the county, and show a remarkable firmness, being very smooth and handsome.

The people throughout the county are manifesting more interest in the approaching exhibit every day, and when the time comes to take the products to Tampa, indications are that there will be a large and varied collection.

Persons desiring information may address Major Tench of the County Fair Association, or Jesse E. Burtz of the State Fair Association, Gainesville.

A Correction.

The reporter erred in stating, in the mention of the transfer of the Florida Fertilizer Manufacturing Company's interests to the Virginia-Carolina Chemical Company, that A. S. Wooley and Geo. W. Emery of Seaford, Del., were the owners of the business. While the statement was correct as far as it went, the report should have included E. E. Cannon, as Mr. Cannon owned an equal interest with Messrs. Wooley and Emory, and he will be retained as manager of the business a position which he has filled so efficiently in the past.

The company will continue the manufacture of the same brands which have won for them such an enviable reputation throughout the state.

The same office force will also be retained.

Secret Conference with President.

New York, Sept. 1.—On what he said was a secret mission to see President Roosevelt, Micanor Obarrio, a prominent citizen of Panama, arrived here today on the steamer Havana from Colon. Mr. Obarrio was one of the junta which was instrumental in establishing the independence of Panama. He was minister of war and marine until February 11, 1904, when he resigned and does not now hold a public office. The Havana also brought several employes on leave of absence after the body of H. C. Meyne, a canal employe, who died of typhoid fever in Ancon hospital. Six persons of whom two were passengers, and four members of her crew, were removed to the detention hospital at Hoffman Island. All were suffering from abnormal temperatures.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." Sold by W. M. Johnson.

Forest Fire in California.

San Bernardino, Cal., Sept. 1.—A forest fire which has burned since last Monday in the mountains about 10 miles northeast of here has gone beyond the control of the fighters and is spreading in two directions. Chief Ranger Tottensen hurried to this city and called for volunteers. Twenty citizens from here went up immediately and more are to follow. Three tons of provisions were carried to the locality for the original fighters, composed of rangers and campers who are reported to be exhausted. A large area already has been burned.

Potter's Subway Saloon Closed.

New York, Sept. 1.—The subway saloon which was opened 11 months ago with an address by Bishop Potter and the singing of the Doxology, closed its doors at midnight for the last time as a "sanctified saloon." Today its proprietor will, it is stated, sign over the place to a man who has conducted the restaurant on the premises. The new owner will take out the "water wagon" sign and after extensive alterations will run the place as an ordinary saloon.

Large Purchase of Pig Iron.

New York, Sept. 1.—Apparently the United States Steel corporation will pursue a cautious policy in its purchases of pig iron, says the Iron Age. The corporation has just bought 25,000 tons of Bessemer pig for delivery during the first half of September, paying for some of the iron on the basis of $14.50 a ton and for some of it up to $15 per ton. It is understood that the corporation has now in blast 60 per cent of its total furnace equipment.

Railroad Contracts Awarded.

San Francisco, Sept. 1.—The directors of the Western Pacific have awarded contracts for the building of practically the entire line from Oakland to Salt Lake City. The names of the successful bidders as well as the details and the terms of the contracts have not been made public. It is understood that the aggregate amount of the several contracts for construction is between $8,000,000 and $9,000,000.

CURED WHEN OTHERS FAILED

1056 Winnemac Avenue.
CHICAGO, ILL., Oct. 25, 1902.

Wine of Cardui can always be relied upon to cure when everything else fails. It is a certain cure for female diseases in their worst forms. I suffered for years with ulceration. Intense pains in the womb and ovaries and dreadful headaches unfitted me for my work. Finally I grew so ill that I had to keep to my bed. The pains were so intense at times as to cause spasms and a disagreeable discharge drained my life forces. In my extremity after all else had failed, I tried Wine of Cardui. After using it for two weeks I began to improve so rapidly that I felt encouraged to keep up the treatment, which I did for eighteen weeks, but at the end of that time I was entirely cured. What a relief was mine and how new and beautiful life looked to me when my health was restored. Only those who have passed through such a siege of sickness as I have will understand how much I value Wine of Cardui. It is indeed a boon to sick women.

Frances Mitchell

Secretary, North Chicago Frauen Verein.

Every weak woman needs Wine of Cardui. Wine of Cardui cures disordered and painful menstruation, periodical headaches, falling of the womb and leucorrhœa. It cures extreme cases of these troubles. It strengthens girls approaching womanhood, helps bring children to barren homes, makes pregnancy and childbirth easier, prevents miscarriages and is the best medicine ever made for use during the change of life. Why permit the good women in your home to suffer another day? Every druggist has $1.00 bottles of Wine of Cardui.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores, 50c and $1; guaranteed. Trial bottle free.

Boy's Folly Cost Their Lives.

Santa Fe, N. M., Sept. 1.—Two boys named Jose Martinez and Hude Romero have been killed by the explosion of a box of dynamite they used for a target. The boys were rabbit hunting and not finding any game when they reache dthe powder house of the Denver and Rio Grande Railway company, near Chama, they set up a box of dynamite at a target. The box contained 400 pounds of the explosive and the explosion set off four tons of powder. In Chama, many window panes were broken.

Strikers Return to Work.

New York, Sept. 1.—The strike of the firemen, switchmen and brakemen employed by the contractors in the excavation work for the Pennsylvania railroad terminal in this city was partially broken last night and several of the men were taken back. It is expected that the balance of the strikers will return today.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all woman beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. GOVERNMENT AT FAULT.

In the discussion of the local option question there are many points that are overlooked and which interfere with its enforcement. In counties where it is a violation of the law to engage in the sale of liquor, there are men who have paid the United States internal revenue officer the sum of $25 for a license to sell liquor, and the government will not allow an officer access to the records, so as to enable him to learn the names of the parties, nor does the government require the owner of the license to have it displayed in any public place where it can be seen.

The sheriff or his deputies are obliged to sneak around and catch the "blind tiger" dispenser in the act of selling before he can prosecute him, in order to have positive evidence to convict him of a violation of the law, while a murderer is sent up on circumstantial evidence.

Until the government of the United States withdraws from aiding and abetting the violation of the law by these fellows whom it now protects, the majority of the counties where liquor selling is prohibited by law will be infested with the blind tiger dealers, who carry a license in their pocket that shields them from all harm from the quarter they most fear.

An appeal to Congress to not permit such licenses to be issued in counties where they have local prohibition should be made, if those counties wish to be freed from these fellows who violate the laws of the State and county, under protection of the United States government.

A CLEAN FORTUNE.

Marshall Field of Chicago, who is now prominent in the public eye by reason of his uncomplaining payment of taxes on $40,000,000 Chicago property, is a close competitor with three others for rank as the richest man in the United States. By common consent John D. Rockefeller heads the list, with Andrew Carnegie second. The next three are H. H. Rogers, William Rockefeller and Marshall Field, with J. P. Morgan, Jacob H. Schiff and J. J. Hill trailing not very far behind. Mr. Field's fortune, which probably approximates $225,000,000, is the cleanest of all the great American accumulations. Its possessor has been uniformly fortunate since Potter Palmer, the veteran dry goods king of Chicago, sold his establishment at cost and upon their own terms to his lieutenants, Marshall Field and L. Z. Leiter. That was just after the Civil War, and Chicago was seething. The young merchants made money hand over fist and invested it as fast as prudence would permit. Among other things, they put a few hundred thousand dollars into a Colorado gold mine and within three years took out $8,000,000. By and by the partners disagreed, and on a buy or sell proposition Mr. Field took over the dry goods establishment. Leiter had a poor regard for his partner's ability and predicted his speedy failure. When Leiter died two years ago he was worth $30,000,000, after having put up $10,500,000 only three years before that in settlement of the debts of his son, Joe, in trying to corner the wheat market. Field pursued the even tenor of his way and made $5 and $8 for every $1 amassed by the partner who quit him in anger. It was to Marshall Field that the late George M. Pullman went with his scheme for the creation of the Pullman Palace Car Company, and it was Field's money that made the enterprise possible. Field and his cronies made great sums out of the Pullman Car Company and are still among heavy shareholders in the big corporation, which has been a mine almost from the beginning. His money aided largely in the development of many of the railroad systems centering in Chicago, and his stock and bond holdings in them are still immense. Throughout this entire period he continued the active management of his dry goods business. His retail store is beyond compare the biggest and best in the United States and his wholesale house is the largest in the West and one of the largest in the United States.

PENSACOLA FEVER.

In speaking of the yellow fever cases at Pensacola, The Journal of Thursday, August 31st, says:

"The fever situation in Pensacola could not possibly be more assuring than it is at present.

"The one new case discovered yesterday is in the same vicinity as are those of the three Greeks previously reported and all are closely quarantined and guarded.

"The three original cases are convalescent and in a few days should be entirely well. It is evident that these cases were of a mild type and, while it is possible that other cases may follow, the physicians are watching the situation so closely that prompt treatment will be assured.

"The work of screening and fumigating the houses in the quarantined district is being pushed very rapidly and it is hoped that all infected mosquitoes may be destroyed before there is time for them to spread the disease."

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. Brother Appleyard of The Lake City Index, in comparing the value of the productions of the counties of Columbia and Alachua, shows that the former leads by $116,288. This is easily explained if one will only note that the market for alligator hides has advanced very materially, which sends up the price of the products of that county.

Weak Stomach.

A weak stomach is most frequently caused by the overworked and exhausted nervous system.

The power that runs the stomach is the nerve force sent to it from the brain through the nerves. When the nerves are weak or exhausted the supply of energy is insufficient and the action of the stomach is impaired, and results in imperfect digestion—dyspepsia.

Dr. Miles' Restorative Nervine increases nerve force. It strengthens and builds up nerve tissue, gives vigor to the nerves and muscles of the stomach; this produces a healthy activity.

Nervine allays the inflammation, heals the membranes, and makes the stomach strong and healthy. There is nothing that so quickly gives energy to the whole system as Restorative Nervine.

"I can't say enough for Dr. Miles' Nervine. I don't know what it will do for others, but it certainly cured me of stomach trouble and now I am as well as I ever was. Two physicians failed to relieve me, but in three or four days after taking Nervine I was much relieved. Four bottles made me a sound man, at the age of 44 years." JAMES E. HART, Detroit, Mich.

AN ORDIANNCE

An Ordinance to Provide for the Registration of Voters at a Special Election to be Held October 10th, 1905, in the City of Gainesville, Florida.

Be it Ordained by the Mayor and City Council of Said City:

Section 1. That the City Clerk of said City of Gainesville be, and he is hereby directed, immediately upon the adoption and approval of this Ordinance, to open the registration books of said city at his office, or at any other convenient place in said city, and that all persons entitled under the Laws of Florida to the right of franchises shall be entitled to register by taking the required oath, giving their name, color, age and residence. The said Clerk shall give due notice of the time and place where said books are to be opened and kept by publishing such notice in some newspaper printed in said city. The registration shall be completed and the said books closed on the second Saturday of September, 1905.

Sec. 2. That the purpose for which said registration books shall be opened as provided in Section One, shall be to permit the registration of all persons entitled under the Laws of Florida as therein provided, to register for the purpose of qualifying to vote at the special election to be held in said city on the 10th of October, 1905.

Sec. 3. That this ordinance shall take effect immediately upon its passage and approval.

Passed City Council August 10th, 1905. A. M. CUSHMAN,
Attest: President pro tem.
J. M. DELL, Clerk.
Approved by me this 10th August, 1905. W. R. THOMAS, Mayor.
Attest: J. M. DELL, Clerk.

AN ORDINANCE.

An Ordinance to Provide for, Regulate and Require the Widening of Liberty Street in the City of Gainesville, Florida, so to Make Said Street an Eighty Foot Street from a Point where the Gainesville and Gulf Railroad Crosses said Street, thence West to the Corporate Limits of said City.

Be it Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1. That the Chairman of the Street Committee be and he is hereby authorized to widen Liberty street in said city from a point where the Gainesville and Gulf Railroad crosses said street, thence west to the corporate limits of said city, making and widening said street so that the same shall be from said point an eighty foot street in width. The Chairman of said Street Committee shall acquire from the property owners fronting or abutting upon either side of said street proper deeds from said owners to a sufficient amount of land along said street where the same is to be widened so as to make said street an eighty foot street, or said Chairman of the Street Committee shall cause to be instituted the necessary and proper legal steps or proceedings to acquire said property by condemnation as provided by law.

Sec. 2 That the cost of acquiring said property as provided in section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the abutting property thereon. The estimated total cost of the widening of said street is Three Thousand Dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is Two Dollars.

Sec. 3. The special assessments shall become due and payable when the widening of said street shall have been completed from the point where such widening begins to the point where the same ends, and when the City Council shall fix the special assessment as herein provided. The said City Council shall within thirty days after the completion of the widening of said street as herein provided meet and by resolution fix the special assessment per front foot upon the property abutting or fronting upon said street where the same shall be widened, said special assessment not to exceed the actual cost of such widening or the estimated special assessment per front foot as stated in this ordidance. Said resolution shall, immediately after its passage, be published one time in a newspaper published in said city.

Sec. 4 That this ordinance shall be published in a newspaper published in said city once each week for four weeks, and the said City Council shall meet on Monday, the 25th day of September, 1905, at eight o'clock p. m., in the Council Chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of the requirements of this ordinance.

Sec. 5. That this ordinance shall take effect immediately upon its passage and approval.

Passed City Council August 10th, 1905. A. M. CUSHMAN,
Attest: President pro tem.
J. M. DELL, Clerk.
Approved by me this 11th August, 1905. W. R. THOMAS, Mayor.

AN ORDINANCE.

ment of Bond Trustees, for the Engraving of Bonds and Interest Coupons, for the Sale Thereof and Disposition of Proceeds of Said Sale, and to Provide for the Levy and Collection Annually of Such Special Tax as May be Necessary to Pay Said Bonds and the Interest Thereon.

Whereas, Under and by virtue of the provisions of an ordinance entitled "An Ordinance to Provide for an Election to Determine Whether or Not Bonds Shall be Issued for the Purpose of Securing Educational Advantages and Facilities in or Adjacent to Said City," published July 3rd, 1905, an election was held in the said City of Gainesville, Florida, on the 8th day of August, 1905, to determine whether or not the issuance of bonds proposed by said ordinance should be at that time approved by a majority of the votes cast by the registered voters of said city; and

Whereas, Said ordinance was published in The Gainesville Sun, in full, a newspaper published in said city, for thirty days after its passage and approval; and

Whereas, Along with the publication of said ordinance there was published therewith, at the same time, in the same newspaper and for a period of thirty days, the Mayor's proclamation calling said election provided for in said ordidance; and

Whereas, In and by said ordinance the issuance of bonds to the amount of Fifty Thousand Dollars is provided for, and the purposes for which such issue of bonds is to be used is expressed in general terms; and

Whereas, At said election so held on the 8th day of August, 1905, the issuance of said bonds for the purposes mentioned in said ordinance provided for was approved by a majority of the votes cast by the registered voters of said city at said election; now, therefore,

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GAINESVILLE, FLORIDA:

Section 1. There is hereby created a board of bond trustees to be known and designated as "Educational Bond Trustees," to consist of three members, whose duties it shall be to receive said bonds as soon as the same are engraved and executed, and to sell the same at not less than par, and to dispose of the proceeds as provided by this ordinance.

The first Board of Educational Bond Trustees shall consist of E. Baird, Christopher Matheson, J. S. Bodiford. Their term of office shall be one year, and their successors shall be elected by the City Council. Said board shall elect from their number a chairman and a secretary. All vacancies in said board shall be filled by election by the City Council.

Sec. 2. The Mayor, the Chairman of the Finance Committee of the City Council and the Chairman of the said Board of Educational Bond Trustees, shall have engraved five per cent coupon bonds of the City of Gainesville, to be known as "Educational Bonds of the City of Gainesville," to the amount of Fifty Thousand Dollars and the denomination of One Thousand Dollars each, dated the First day of September, 1905, which date shall be the date of issue, bearing interest at the rate of five per cent per annum, payable semi-annually, at the bank of H. F. Dutton & Co. or the office of the City Treasurer, in said city, with engraved interest coupons attached thereto, payable at the end of periods of six months from the date of bonds. Said bonds shall be executed by the Mayor and the President of the City Council and shall bear the co porate seal of said City of Gainesville, and the coupons shall bear the engraved signature of the President of the City Council.

Both principal and interest shall be made payable in gold coin of the United States of the present weight and fineness.

Sec. 3. Said Board of Educational Bond Trustees shall adopt and use a common seal, and they shall receive no compensation for their services. Said Educational Bond Trustees shall enter into a good and sufficient bond with one or more sureties, payable to the Mayor of said city and his successors in office, in the sum of One Thousand Dollars, conditioned for the faithful performance and discharge of their duties.

Sec. 4. That said bonds shall be made payable to bearer, and shall be delivered by said Educational Bond Trustees only after being countersigned by the Chairman and Secretary with their seal attached, whereupon said bonds shall become payable to the lawful bearer thereof.

Said bonds shall be, as soon as engraved, delivered to the said Board of Educational Bond Trustees. It shall be the duty of said Board of Educational Bond Trustees, when any bond is sold or issued by them, to register the same, in a book to be kept for that purpose.

Sec. 5. That said bonds and the coupons attached shall be in the following words and figures, the blanks left for the number and the date upon which the bond may become due and payable to be filled in as the number and date to become due and payable of the bond may render necessary, twenty of said bonds to become due and payable in ten years from the date of issue, fifteen of said bonds to become due and payable in twenty years from the date of issue and fifteen of said bonds to become due and payable in thirty years from the date of issue:

UNITED STATES OF AMERICA.
STATE OF FLORIDA.

No.	Device.	$1000.00

CITY OF GAINESVILLE, EDUCATIONAL BOND. INTEREST FIVE PER CENT PER ANNUM. PAYABLE SEMI-ANNUALLY.

The City of Gainesville, in the State of Florida, will pay on the ..... day of ....., A. D. ....., to bearer, the sum of One Thousand Dollars, in gold coin of the United States, of the present weight and fineness, at the bank of H. F. Dutton & Company, or office of City Treasurer in said city, with interest thereon at the rate of five per cent per annum, payable semi-annually, in like gold coin, at the office of said H. F. Dutton & Company, or office of City Treasurer, on presentation and surrender of the annexed interest coupons as they severally become due and payable.

This bond is one of a series aggregating $50,000.00 of like date, known as "Educational Bonds of the City of Gainesville," issued under and in accordance with the provisions of an Act of the Legislature of the State of Florida, entitled "An Act to Authorize the City of Gainesville, in Alachua county, to Issue Bonds for Educational Purposes," approved May 31st, 1905, and of an ordinance of said City of Gainesville entitled "An Ordinance to Provide for an Election to Determine Whether or Not Bonds Shall be Issued for the Purpose of Securing Educational Advantages and Facilities in or Adjacent to Said City," approved 3rd day of July, 1905, and published 6th day of July, 1905, and for thirty days after its passage and approval, which ordinance and the issuance of which bonds were approved by a majority of the votes cast at a special election duly called and held under the provisions of said Act and Ordinance on the 8th day of August, 1905.

It is hereby certified that the issue of bonds, of which this is one, is made in strict conformity with the Laws of the State of Florida and Ordinance of the City of Gainesville duly authorizing the same, and that all proceedings and things essential to the validity of this bond have duly happened and been performed, and all requirements of laws and ordinances have been fully complied with by the proper officers in the issuance of this bond.

In testimony whereof the City of Gainesville has issued this bond bearing date the First day of September, A. D. 1905, and has caused it to be executed by the Mayor and President of the City Council of said city, under the seal of the corporation. W. R THOMAS,
Mayor of the City of Gainesville.
[Corporate Seal]
President City Council City of Gainesville.
Countersigned and registered in compliance with the ordinance of Gainesville, Florida, this ..... day of ....., A. D. .....,
Chairman,
Secretary,
Educational Bond Trustees.

(FORM OF COUPON).

This coupon, after maturity, is receivable at par for all taxes and dues payable to the City of Gainesville.

THE CITY OF | $25.00 | GAINESVILLE.

STATE OF FLORIDA.

Will pay to the bearer, at the bank of H. F. Dutton & Company, or office of City Treasurer in said City of Gainesville, Twenty-Five Dollars, in United States gold coin, on the ..... day of ..... A. D. ....., being six months' interest on bonds.
No.....
President City Council.

Sec. 6. For the further protection of the citizens of Gainesville and the holders of said bonds, the Treasurer of said city shall be required to give a special bond, to be approved by the Mayor, in the sum of Ten Thousand Dollars, conditioned for the honest and faithful performance and discharge of all duties devolving upon him, under the provisions of this ordinance, and may from time to time be required to give any additional bond so conditioned should the City Council by resolution deem it advisable. Said bond shall be payable to the Mayor and his successors in office.

Sec. 7. The City Clerk and Treasurer or other agents or officers collecting or receiving money from any assessment, tax or other source to be applied to the payment of said bonds, or any part of them, or to the sinking fund or interest thereon, or any portion thereof, shall each make on the first day of each and every month written report in duplicate of the amount of money collected or received for such purpose, from whom and when collected, or received, and the amount collected or received from each person and of all payments by him made under the provisions of this ordinance; such report must embrace a detailed exhibit of all coupons collected, received, paid or taken up by such officer or agent, stating particularly the date when each coupon has been collected, received, taken up or paid, and the number of bond from which the several coupons are detached, and the date of maturity of each; also a statement of all bonds redeemed, paid or purchased, with the number of each bond, the date of redemption, payment or purchase, from whom received and the amount paid for each.

One of said reports shall be, on or before the third day of the same month, filed with the City Clerk and the other with the Secretary of the Board of Educational Bond Trustees.

Sec. 8. It shall be the duty of the City Treasurer or other agent or officer receiving or accounting for bonds or coupons redeemed, paid or purchased, to cancel the same when received, in the presence of the person from whom he shall receive them, and to deliver all such bonds and coupons to the said Educational Bond Trustees, together with his report above mentioned, each month.

Sec. 9. The City Treasurer, by and with the advice and direction of the Board of Educational Bond Trustees, shall from time to time apply all the moneys that may come into his hands as a redemption or sinking fund to the purchase of said bonds at their market value, or shall, under the same direction, invest the said money in bonds of the United States or the State of Florida, or in such other bonds or securities as shall be approved by said Trustees and as may seem to them advisable.

Sec. 10. It shall be the duty of the Board of Educational Bond Trustees, on or before the first day of February of each and every year, to report to the City Council the number of said bonds outstanding, with an estimate of the amount necessary to be raised for interest and sinking fund, which statement and estimate shall serve as a basis of assessment by the City Council for the ensuing year.

Sec. 11. The Educational Bond Trustees are hereby authorized to sell at not less than par and to deliver the Fifty Thousand Dollars of the authorized bond issue of Educational Bonds of the City of Gainesville; and said Educational Bond Trustees are hereby further authorized and empowered to use the proceeds of said sale for the purpose of acquiring, building or purchasing a building or buildings for school purposes or to otherwise secure with said proceeds educational advantages or facilities in or adjacent to said city.

Sec. 12. This Ordinance shall become effective immediately upon its approval by the Mayor.

Passed City Council August 10, 1905.
A. M. CUSHMAN,
President Pro Tem.

FRUIT VESSEL'S CREW MUTINIED

Objected to Quarantine Regulations Imposed by Mobile.

Mobile, Ala., Sept. 1.—The United Fruit company's steamer Alps, which left this port Sunday night, is still at Fort Morgan, to which place she put in with a mutinous, discharged crew. Upon arrival at Mobile the old crew of the steamer was discharged and a new one signed. It was later ascertained by the master of the Alps that the members of his old crew could not leave the steamer on account of quarantine regulations, which prohibits the crews of steamers coming ashore.

The situation was a perplexing one. A solution of the problem was reached when it was decided to take the old crew to quarantine, where they would be held the detention time, and then released. When the Alps started down the bay, the old crew was on board. They were apparently satisfied with the plan, and not until the steamer had put her nose in the bay channel was there any sign of discontent.

Pilot Dorgan was the first to learn of trouble among the members of the discharged crew, when several came to the bridge and ordered him to put back to port. They reckoned without their host. Pilot Dorgan kept on his course.

MUCH LAND IS DEVASTATED.

Sulphuric Fumes from Copper Smelter Very Injurious.

Atlanta, Sept. 1.—The special commission appointed under resolution of the general assembly at its recent session, to investigate the destruction of vegetation in Fannin, and other north Georgia counties, as a result of the fumes from the copper and sulphur swelting works at Ducktown, Tenn., returned to the city and report was made to the governor by Commissioner of Agriculture T. G. Hudson, head of the commission.

The commission reports conditions in the affected section as most deplorable, says the destruction is becoming more widespread than ever, and that with the destruction of the forests the north Georgia streams will dry up and be subject to freshets and floods.

The report concludes with the recommendation that immediate legal steps be taken to abate the nuisance, as it is stated it will be better to wipe out the entire industry than to permit the destruction of all the vegetation in half a dozen counties.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Iron Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Earthquakes at Portsmouth.

Portsmouth, N. H., Sept. 1.—A series of earthquake shocks, the most severe ever experienced in this section, were felt here late this afternoon. Buildings trembled perceptibly, dishes were shaken from shelves, and in many place people rushed in terror from their houses into the street. There were three distinct shocks, and in each instance the tremor was accompanied by a sound like a distant explosion. The first impression was that the powder magazine at the navy yard had exploded, and hundreds of queries along this line were received at the yard. There had been no explosion, however, and the shocks were felt along the entire New Hampshire coast line.

Mrs. Taggart Makes Denials.

Wooster, O., Sept. 1.—Mrs. Taggart was put through a trying cross examination Wednesday. She was questioned closely in regard to her life at Fort Thomas and at other places. Her replies were invariably prompt and to the point. She strenuously denied every improper act charged against her. Attorney Sterling then took up the family history at Fort Leavenworth. Mrs. Taggart's attorneys raised frequent objections and the examination progressed very slowly.

Made in the Golden Sunlight

It is conceded by the highest authorities that the soda cracker contains the life-giving elements of wheat in the best proportions.

This being so, then **Uneeda Biscuit** must at once take first place as the food of the world—a soda cracker, but such a soda cracker! Made by exact science in sunny bakeries so light, bright and clean, that they are a revelation. The flour is tested; the purity of the water is absolutely assured; the very air is filtered,—why even the temperature and moisture of the atmosphere is accurately regulated. The sponge is kneaded by polished paddles, not by hand. Indeed, **Uneeda Biscuit** are only touched once, and then by a pretty girl, from the time the flour leaves the bag until the beautiful package is placed on your table.

You ask why all this work, all this care in the making of a soda cracker? Because the soda cracker is the best of all food and **Uneeda Biscuit** is the most wonderful of all soda crackers. And with all of it the price is only 5¢ a package.

Southern Spinners to Meet.

Atlanta, Sept. 1.—The meeting of the Southern Soft Yarn Spinners' association to be held at the Piedmont hotel on Saturday, promises to be of great interest and importance to the milling industries of this section. There will be a large number of mill men in attendance and questions of prime importance will be discussed. William Whittam, Jr., editor of the American Cotton Manufacturer, has been invited to address the association on the question of cotton yarn exportation and his speech will be the chief feature of the meeting. In a letter, now being issued by A. C. Hutchison, secretary of the association, special attention is called to the event mentioned.

Miss Joe Allie McCarty, who for several months has been on a visit to relatives in Alachua and Marion counties, returned to her home at Old Town yesterday.

A card from Rev. Thomas P. Hay dated Asheville, N. C., bears the information that himself and family, after a brief visit to Saluda, N. C., and Columbia, S. C., will return home, reaching here about September 8th. Friends will be glad to learn that they have spent a most delightful as well as beneficial vacation.

Some rare bargains are to be had at this office in second-hand typewriters: Remington No. 6, practically new; Remington No. 7; Barlock No. 10; Smith Premier No. 2; Caligraph No. 3, and Fay-Stoles No. 6. These machines will be sold cheap and on very reasonable terms. First applicants get the best bargains. dawtf.

Rev. and Mrs. F. H. Craighill and children have returned from Sewanee, Tenn., where they spent a delightful vacation. They were accompanied by Mrs. Craighill's sister, Miss Louise Reese, of Nashville, Tenn., who will remain here for some time. Mr. Craighill will conduct the usual services at Holy Trinity Episcopal Church tomorrow.

J. Stuart Lewis of Tallahassee, one of the efficient railway postal clerks between Jacksonville and that point, was in the city for a few hours yesterday. Mr. Lewis was en route from Irvine, where he has been on a brief visit to his mother. He is a very enthusiastic Elk, and expressed regrets at his inability to be present at the installation of Gainesville Lodge No. 990 Wednesday evening.
